

ALMONARD

**WE ARE
ALMONARD**

**PIONEERS IN
AIR TECHNOLOGY**

PRODUCT

Almonard fans are made with utmost precision and under strict supervision of our highly experienced engineering team using cutting edge technology & qualified man power to give fans that are powerful & effective. We are market leaders in the fan market with a wide variety of fan products such as wall, pedestal, table and ceiling fans, heavy duty exhaust Fans, medium duty fans, ventilation Fans, in/out Fans etc. With a market presence of over five decades, we have a strong presence in both the domestic and industrial markets across India.

INDUSTRIAL

DOMESTIC

**POLLUTION CONTROL
EQUIPMENT**

AIR CURTAIN

INDUSTRIAL FANS

AIR CIRCULATORS

Sizes: 18"/ 24"/ 30"

WALL

PRODUCT DESCRIPTION

- Three speed
- vertical Adjustable
- Aluminum alloy one-piece blade
- Double ball-bearing 90. oscillation
- Study close-mesh guard beautiful design
- Powerful heavy-duty motor

PEDESTAL

PRODUCT DESCRIPTION

- Adjustable height
- Strong streamlined pedestal for greater stability
- Three speed control mounted on the column within easy reach of hand

HEAVY DUTY EXHAUST FANS

Sizes: 12"/ 15"/ 18"/ 24"/ 30"/ 36"

HEAVY DUTY EXHAUST FANS

PRODUCT DESCRIPTION

● **TOTALLY ENCLOSED, CONTINUOUSLY RATED MOTOR**

Exhaust fan features a capacitor start and run type motor continuously rated, totally enclosed and ruggedly built

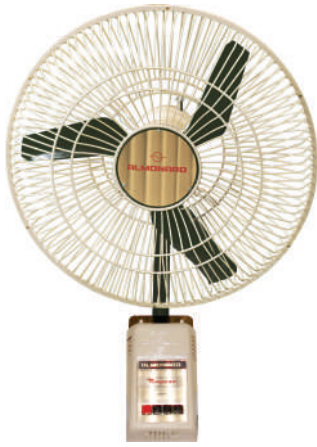

● **DYNAMICALLY BALANCED IMPELLER**

The impeller used in an almonard exhaust fan is of the propeller type and since both hub and impeller are dynamically balanced and frames and arms mounted on rubber bushing, vibrations are virtually eliminated

DOMESTIC FANS

MARK - II RANGE

Sizes: 18" | Colors:

WALL

PRODUCT DESCRIPTION

- Powder coated guard with aluminum die casting blade
- Three speed controls mounted within easy reach of hand
- Vertical adjustment from 22. to 45

PEDESTAL

PRODUCT DESCRIPTION

- Powder coated guard with aluminum die casting blade
- Height adjustable
- Stronged streamlined pedestal for greater stability
- Three speed control mounted on the column within easy reach

SUPREME RANGE

Sizes: 16" | Colors:

WALL

PRODUCT DESCRIPTION

- Elegant Design
- 120 RIBS Guard Powder Coated
- Superior Technology for Enhanced Air Delivery
- Copper Wound Motor for High Air Delivery Low Noise
- Rust Proof Engineered P.P. Body and Blade
- Convenient 3 Speed Control by Pull Cord
- Easy to Assemble

PEDESTAL

PRODUCT DESCRIPTION

- Elegant Design
- 120 RIBS Guard Powder Coated
- Superior Technology for Enhanced Air Delivery
- Copper Wound Motor for High Air Delivery Low Noise
- Rust Proof Engineered P.P. Body and Blade
- Convenient 3 Speed Control by Pull Cord
- Easy to Assemble

AIRSTORM RANGE

Sizes: 16" | Colors:

WALL

PRODUCT DESCRIPTION

- Elegant Design
- 120 RIBS guard
- Superior technology to enhance air trust.
- Specially designed motor for indian condition
- Fitted with anti-corrosive paint and plated components
- Elegant design with convenient 3 speed control
- Easy to install

PEDESTAL

PRODUCT DESCRIPTION

- Elegant Design.
- 120 RIBS guard
- Superior technology to enhance air trust.
- Specially designed motor for Indian conditions.
- Fitted with anti-corrosive paint and plated components
- Elegant design with convenient 3 speed control
- Easy to install

DOMESTIC FANS

DOMESTIC VENTILATION

ECO-AXIAL

PRODUCT DESCRIPTION

- Available in white, ivory and black color
- Sweep 100 mm & 150mm
- Silent operation
- High quality engineering plastic
- Ideal for mounting on glass and wood
- Aero dynamic air suction

ECO-VENT

PRODUCT DESCRIPTION

- Available in white, ivory and black color
- Sweep 150, 200 & 250mm.
- Silent operation
- High quality engineering plastic
- Ideal for mounting on glass and wood
- Aero dynamic air suction

VENTILATING HIGH SPEED

PRODUCT DESCRIPTION

- Powerful robust motor fitted with a perfectly designed and balanced PVC impeller ensures minimum air cutting noise and maximum discharge of stale air
- Eye catching colors to match with your decor
- High tech powerful motor with vacuum oil impregnated bushes which make the bushes to last longer
- High gloss Plastic Body
- Louver shutters open automatically when the fan is switched on

DOMESTIC EXHAUST FANS

LD (LIGHT DUTY)

PRODUCT DESCRIPTION

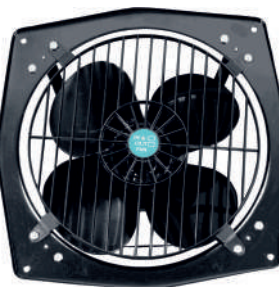

- Powerful motor for faster suction of hot air
- Powder coated full metal body
- Available in 225mm & 300mm sweep
- Available in 150mm, 225mm, 300mm sweep

MD (MEDIUM DUTY)

PRODUCT DESCRIPTION

- Expels stagnant and hot air quickly
- Propeller type blades for more powerful suction
- Powder coated full metal body

IN & OUT FANS

PRODUCT DESCRIPTION

- Balanced aluminum blades for powerful suction of air both ways
- Handy cord switch for reversing directions In or Out as per the requirement
- Heavy duty motor with double ball bearing
- Available in 225 and 300 mm sweep
- Powder Coated full metal body

DOMESTIC FANS

CEILING FANS

Colors:  

POPULAR **(HIGH SPEED)**

Sizes: 48"

MARK - II **SUPREME**

Sizes: 48"

REGULAR **(HIGH SPEED)**

Sizes: 56"

REGULAR **(HIGH SPEED)**

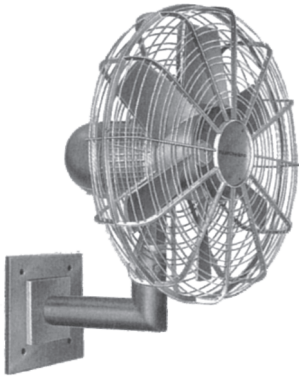

Sizes: 24"

Product description

- Operating 220 to 230 volts, a.c. 50hz
- Bearing heavy duty double ball bearing with tolerance, hardened carbon steel balls with protective self lubricated with high quality grease for smooth running
- Blades well balanced wider blades made out of aluminum sheet, properly angled and designed for optimum air delivery
- Powder coated: glossy and matt finished powder coated paint
- In different color: High quality finish using latest painting equipment i.e. Rust proof: scratch resistance, glossy finish, long life durability

POLLUTION CONTROL EQUIPMENT

Sizes: 18"/24"/30"/36"/48" | Colors:  Steel gray

WALL

PRODUCT DESCRIPTION

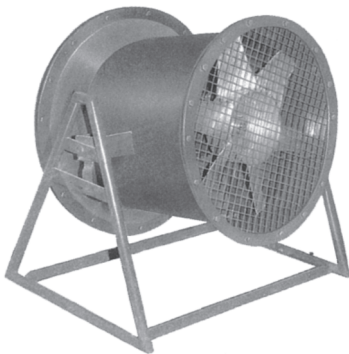

The wall mounting man coolers are suitable for mounting at higher elevation in the wall or sanction to avoid the occupation of floor space. These fans are mounted on steel pipe with suitable holes in the base plates for heavy duty motors

PEDESTAL

PRODUCT DESCRIPTION

These type man coolers are designed to stand on the shop floors. The cast aluminum alloy, statically and dynamically balanced Impeller of high efficiency aerofoil section blade is mounted directly on the motor shaft with suitable, sturdy protection guards and mounted on steel pipe with motor base plate. The cast iron solid base holds the assembly on the floor free from vibration. The air throw can be adjusted vertically for various positions. Caster wheels can be provided for the special application on specific request

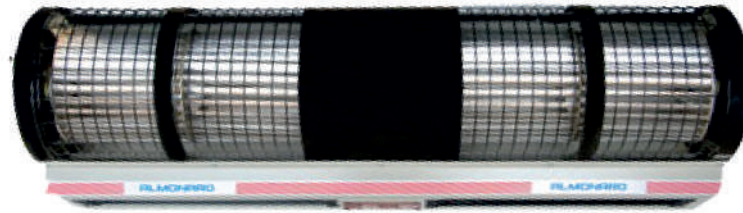

TUBULAR

PRODUCT DESCRIPTION

In These type mancoolers, the impeller and motor assembly is mounted in the circular casing with suitable stand arrangement This can be moved from place to place easily even in rough floor areas. The air now can be adjusted vertically for any convenient position. Necessary protection guards are also provided on both side of the casing

AIR CURTAINS

PRODUCT DESCRIPTION

- The casing (Shell) of Air curtains is of robust construction
- The impellers are of aluminum construction with forward curved blades to minimize the air cutting noise. The casing and impellers can be made out of S.S. on special request
- Easy mounting arrangement with a flat frame which can be fixed on the wall by suitable coach screws
- Adjustable louvers to streamline air delivery
- ALMONARD air curtains are coupled with sturdy motors for continuous duty application
- Vibration free operation
- Prelubricated both side Bush bearing for HV & AEHV models & self lubricated double ball bearings for AIB models for smooth running of air curtains
- Elegant look & with superior quality powder coated finish

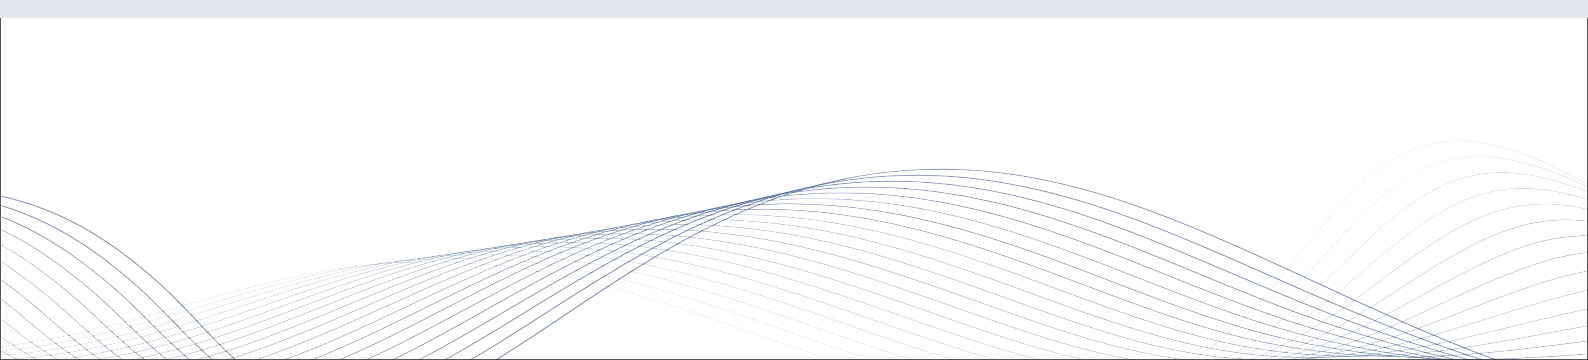

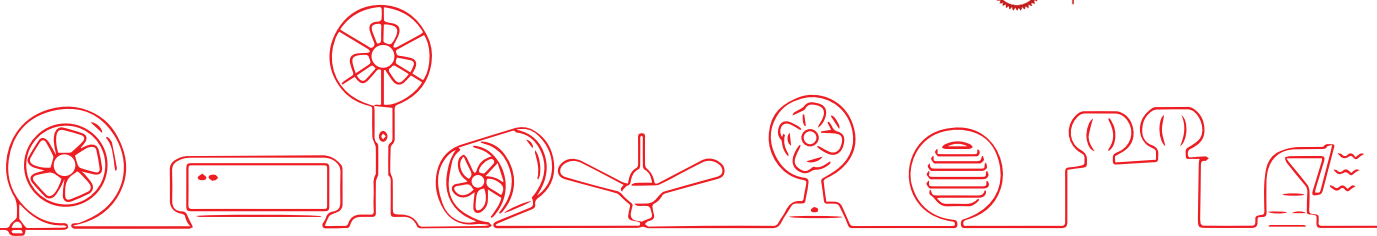

ABOUT ALMONARD

Almonard is one of India's most trusted and innovative brands in India.

Established by a team of young technocrats way back in 1968, we are proud to stand at the cutting edge of technology and quality. Under the strong and able leadership of our Managing Director Mr. Vinod Patel, we adhere to a strict "zero defect" policy & pledge to keep pushing the boundaries.

We are market leaders in the fan market with a wide variety of fan products such as walls. pedestal. table and ceiling fans. Heavy duty exhaust Fans, medium duty fans, ventilation Fans, in/out Fans etc. With a market presence of over five decades, we have a strong presence in both the domestic and industrial markets across India.

OUR HISTORY

Almonard is a ISO:2008 to ISO:2015 certified company with a strong manpower base of over 2000 employees working at all levels to make quality products. We are one of India's most trusted and innovative brands in India. Established by a team of young technocrats way back in 1968, we are proud to stand at the cutting edge of technology and quality. Under the strong and able leadership of our Managing Director Mr. Vinod Patel, we adhere to a strict "zero defect" policy & pledge to keep pushing the boundaries.

WHAT WE DO

We are market leaders in the fan market with a wide variety of fan products such as wall, pedestal, table and ceiling fans, heavy duty exhaust Fans, medium duty fans, ventilation Fans, in/out Fans etc. With a market presence of over five decades, we have a strong presence in both the domestic and industrial markets across India. We boast of a strong sales & service network spread across 21 cities all over India and having more than 10000 dealer networks all over India and overseas to give round the clock customer support
